Mobile Tablet 4.7”
Powerful, Rugged, Handheld Windows Device.

The Mobile Tablet 4.7” delivers enterprise level quad core processing in a rugged handheld device.
Featuring a bright 4.7” high-definition capacitive touch screen, the Mobile Tablet 4.7” can be used indoors or on the road. And with an IP65 rating and 1.5m drop rating; dust, rain and knocks won’t slow you down.
With full Windows 8.1 support, the Mobile Tablet 4.7” is ready to integrate with existing software solutions to deliver mobile, reliable operation for business critical tasks.

Key Features

4.7” Capacitive Touch Screen

The Mobile Tablet 4.7” PC features a high-definition 4.7” display, with a capacitive multi touch screen element. To assist in the most extreme environments, gloves can be worn when using the touch screen, and for accuracy, capacitive touch screen pens can also be used.

Powerful Quad Core Windows Platform

In a sleek and mobile design, Mobile Tablet 4.7” features the same quad core Intel Atom processor as it’s bigger brothers – the Mobile 8.3” and 10.1” tablets. This power is used to run a full version of Windows 8.1, and support desktop grade software and business platforms.

8MP Rear Facing Camera with Scanner

The 8MP rear facing camera supports high quality imaging as well as scanning 1D and 2D barcodes. This makes the Mobile Tablet 5” a powerful and versatile mobile device for logistics and warehouse tasks, as well as stocking and price checking in a retail environment.

Fast Wireless Connectivity

The Mobile Tablet 4.7” offers the latest wireless connectivity for fast data transfer and operation in business critical scenarios. Bluetooth, GPS and NFC are fitted as standard, and optional LTE connectivity is available for high-speed internet connectivity in remote locations.

All-Day Battery

With a replaceable battery pack that lasts all day, Mobile Tablet 4.7” is ready to work hard all day, and with a quick change in battery pack, can continue long into the night too.

Key Facts

4.7” Bright HD screen

- Quad Core Intel Atom Processor
- Windows 8.1 or Android 4.4 OS
- IP65 dust and waterproof
- 1.5m drop rating
- Latest WiFi connectivity - WiFi a/b/g/n
- Bluetooth
- Integrated NFC for easy accessory pairing, and reading of RFID tags
- GPS/GLONASS and optional 3G/LTE connectivity
- 8MP rear facing camera supports 1D and 2D scanning
- 2MP front facing camera
- All-day battery life

Mobile Tablet 4.7” Specification	
Display details	4.7” bright, high-resolution capacitive touch screen. Supports touch through gloves
Platform	Intel Atom Z3745 1.33 GHz Quad Core (burst up to 1.86 GHz)
Ram	2GB
Memory	64GB eMMC (32GB with Android OS)
Operating System	Windows Embedded 8.1 Industry Pro, Android 4.4
Security	Secure NFC element for reading RFID tags
Communication	WiFi, NFC, Bluetooth, GPS/GLONASS LTE modem optional
Cameras	Rear: 8MP, Front: 2MP
Sensors	Rear Camera support 1D and 2D scanning, E-compass, accelerometer, gyro, ambient light sensor, proximity sensor
Interfaces	3.5mm audio jack, micro SD card slot, Docking connector (carries USB 3.0, HDMI and charge)
Mechanics	IP65 [dust and water proof]; Drop resistant to 1.5m Exchangeable battery
Weights & Dimensions	W x H x D in mm: 75 x 145 x 16.5, Weight: 251g
Operating & storage conditions	Operative: -20°C - +45°C, Storage: -30°C - +60°C Operational humidity: 10% - 90%
Battery	All-day battery life, removable battery pack
Optional Accessories	Integrated scanner or magnetic card reader
