

# Cielo KX-400

## Self-Service Kiosk

### A robust and stylised kiosk for customer transactions and web browsing.

The Cielo KX-400 is well suited to high-profile environments and provides services such as dispensing tickets, paying fees, buying paid-for services and interactive display advertising.

Manufactured from high-grade steel and acrylic, the KX-400's tamper-resistant design makes it ideal as an unattended payment terminal in both semi-outdoor and indoor environment, including transport hubs, educational establishments, government buildings and leisure facilities.

Its design also ensures it can be securely fitted into walls or to a podium – providing ultimate flexibility for your requirements. Offering the perfect balance between engineered reliability and contemporary design, the KX-400 delivers unrivalled performance, even in the busiest of environments.
