

# Cielo KX-300

## Self-Service Kiosk

### A versatile, free-standing kiosk for automatic check-in and customer transactions

The Cielo KX-300 is ideal for high-traffic locations to provide services such as ticket booking, directions, check-in/check-out and interactive display advertising.

Made from high-grade aluminium and mild steel, the KX-300 is built to last in high-demand environments, such as bars, lobbies, schools and libraries, and its free-standing design ensures it is adaptable to an array of customer-facing environments.

Available in ultra-slim or standard variants, as well as varying screen sizes, the KX-300 combines renowned reliability and contemporary design to deliver an attractive, versatile and technically capable kiosk solution for your service requirements.
