

22" Panel PC

Product Overview

Sleek, robust and efficient. The 22" Panel PC is a truly distinguished all-in-one system ideal for intensive hospitality and retail environments.

Featuring a slim IPS (In-Plane Switching) LCD display and sleek vent-free chassis, the 22" Panel PC combines resilient design with a compact form factor to deliver a highly-versatile solution.

The rugged splash and dust-proof unit also boasts a bright, backlit, high-resolution display ensuring ease-of-use and brilliant image quality whilst remaining power efficient at all times.

The system also features an array of mounting options, including stand and bracket mounting, ensuring it can fit into a diverse range of environments, including use as a kitchen display system.

Features

Sleek design with a compact footprint

Bright, high-resolution P-CAP display

IPS (In-Plane Switching) technology for superior viewing angles and an enhanced touch experience

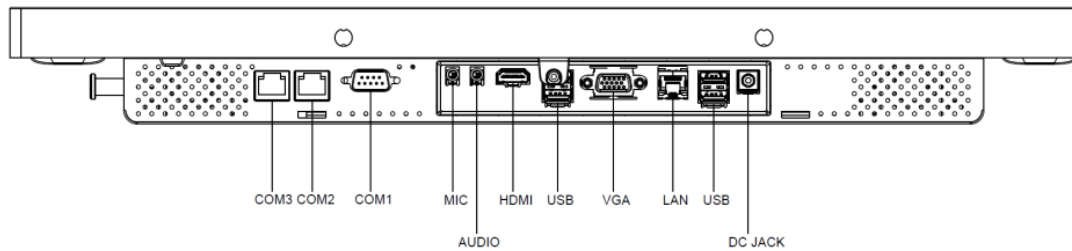

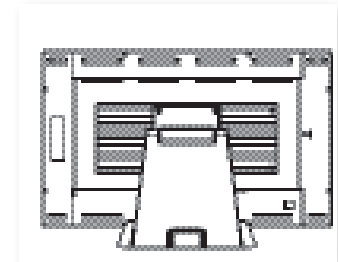

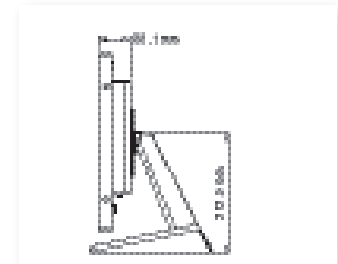

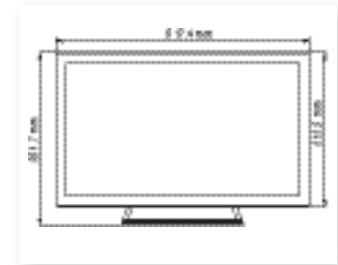

Dust-proof and vent-free design

Range of mounting options - including stand and brackets for wall/surface mounting

22" Panel PC
